

robo expo!

Requirements for Exhibiting

Students may exhibit any robot that they have created. Each school will be provided with a large table to house their exhibits. For each project, the student must make a poster with the following information:

- Student name

- School

- Grade

- Description of the robot and what the robot does

- Print out of the programming code

Each table will be labeled with a school name. You are welcome to make additional posters to advertise your school's space at Robo Expo.
